

Sales Report

1/1/2026 to 1/12/2026

This report is a sales report and will track any monies received during the selected date range and what sales category the monies belong to. Note: The unallocated section is money that was collected during the selected date range but was not applied towards an invoice. As this money is applied in the future, it will be moved from the unallocated section to its rightful sales category based on the date the monies were received.

There was no activity during the requested date range
